CrowdRiff

We want to showcase your Facebook content!

Use Connect with your Facebook Pages so we can discover and share your content!

What does 'Connect' your Facebook Page(s) mean?

Facebook requires everyone who shares their content to give consent. When you use Connect to link your Facebook account you are giving us consent to bring your Facebook content into our content library. By connecting your account(s), we can abide by Facebook's permission sharing rules and share your posts to get them seen by more people.

How to use Connect with your Facebook Pages?

It's easy to authenticate Connect to pull content from your Facebook Page(s) and can be done in just a few simple steps.

1. Open the Connect link you were sent
You will receive an authentication link to use Connect with your Facebook account.

2. Agree to the Terms and Conditions
Check the box to verify that you are complying with Facebook's terms of use. Press *Connect Through Facebook*.

3. Sign into your Facebook account
You will be directed to your Facebook account. Make sure you sign into the correct account that is associated with the Facebook Page that's to be followed.

4. Enable ALL permissions
You'll see a screen with a list of permissions. Select *YES* for each one. This gives us permission on Facebook's end to view your content and pull it into our library.

5. Confirm your accounts
Once you enable all of the permissions, you will be directed to a confirmation screen. From here, select the Facebook Page(s) you would like to authorize and hit *Confirm Connection*.

And there you have it. You've connected your Facebook Page(s) using Connect and now we can view your posts.

What we'll get:

After you authenticate your account with Connect, we'll only be able to view your Facebook posts.

What we won't get:

- Your personal information.
- The ability to post on your behalf from your account. Using Connect only let's us view your content.
